## 10 REASONS PRAVIS IS BETTER

- 1 A turnkey suite of services**  
Pravis delivers “set-it-and-forget-it” IT. From email and remote support to networking and virus protection, we understand that the right IT solution for your company will bring you into tomorrow, while serving your needs today.
- 2 Vendor neutrality**  
We’ll never supply you with one particular brand just because we’re tied to them. We’ll tackle your problems from a tech-agnostic point of view—and never shoehorn a solution that doesn’t fit your needs.
- 3 A record of reliability**  
Our satisfied multifamily clients—nationwide—know us for committed support and a worry-free IT environment. In fact, our customer satisfaction rating is 99%.
- 4 Tailored, scalable solutions**  
We will set you up with a modern and appropriate IT infrastructure that fits your properties today—and tomorrow. Our centralized tools integrate with your properties systems, including lease management, check scanning, and rent deposits.
- 5 Protection from data threats**  
Keeping your business safe and secure is a growing concern. We’ll outfit you with everything you need to make on-site and remote work safe and secure from hacks, viruses, malware and other threats.
- 6 Personal, US-based support**  
Pravis tech support experts are all based in the US—and can competently and efficiently address your IT issues whenever they arise. We’re always available and ready to help.
- 7 Peace of mind**  
What does having a smooth-running IT set up mean for your properties? Freeing up your staff to do what they do best—without having to worry about the standstills caused by ongoing PC issues, dated software, data loss disasters, or networking hiccups.
- 8 Years of multifamily experience**  
We know your properties IT needs better than anyone. We’ve been helping properties around the country run smoother and more efficiently for more than 15 years. And we can do the same for you.
- 9 We’ll get started quickly**  
You don’t have to wait to get your IT updated and ready for serious productivity. As soon as you sign on, we’ll start working on transitioning your properties IT and have you all set up within 14 days. You have our promise.
- 10 Simple, flat rate pricing to reduce costs**  
We offer a competitive flat rate pricing model that scales with property unit count. Our pricing is simple, clear, and sure to please your accounting staff.

### OUR SATISFIED CLIENTS

“For nearly a decade Pravis has excelled in supporting our properties and corporate team. They consistently wow us with their level of patience and technical expertise, all at a price substantially lower than both in-house and third-party alternatives.”

“We started with Pravis a year ago and it is night and day difference from our previous IT company. Moving to Pravis was one of the smoothest system/process transitions I have been through. My on-site teams are so happy. Pravis’ response time is fantastic, price is great and I couldn’t be happier.”
